

Uphall Primary S.A.Q Competition

During the summer term, all 4 year 1 classes at Uphall Primary enjoyed an inter class competition involving S.A.Q skills. Each class practised and developed their speed, agility and quickness skills and then took part in an exciting competition lesson. Young leaders from year 5 and 6 recorded the scores and were very helpful as well as encouraging and motivating the younger pupils.

The year 1 pupils were excited and enjoyed the competition and many were thrilled to receive their medals and certificates in assembly. Well done to everyone.
