

Virtual Multi Skills at Cleveland Infants

As the year 2 pupils had such an exciting and successful time with VMS last term, it was decided that year 1 may like to join in with the fun and competition.

One year 1 class enjoyed 4 sessions learning and developing their skills and on June 10th, competition day, they tried their best to get their highest scores. Cleveland Juniors young leaders were once again efficiently leading their warm up activities and counting the scores. Dark clouds were looming in the sky for the whole session but we finished just in time, rushed inside and then it poured down!!

Well done to all the year 1 pupils and good luck with the results.
