

Year 6 VMS at Cleveland Juniors

As year 6 cannot enter the VMS competition, we decided at Cleveland to run an inter class competition using the VMS skills.

All 4 classes have enjoyed their sessions and have worked with great enthusiasm at the prospect of receiving a gold medal in assembly if they have gained the highest score in the year group for one of the stations.

A new group of young leaders from year 5 have also enjoyed scoring and learning about warm up ideas

Well done everyone.
