

## Young Leaders at Cleveland Juniors

12 pupils from year 5 have been enjoying the Young Leaders Award course at Cleveland Juniors during the summer term. They have worked enthusiastically every week to learn new skills to help them lead simple sporting activities. All of the group have developed their skills in communication and organisation and they have enjoyed completing their leadership hours through leading warm up activities with classes from years 3,4 and 5 and then keeping the scores for VMS and SAQ competitions.

In addition, they have visited the infant school, which is on the same site, and have enjoyed leading activities for year 1 and 2 classes.

All 12 pupils have passed the course and were a lovely group of pupils to work with each week.

Well done everyone
